Ideolve Training Video 1

Welcome to a series of self learning videos on using Ideolve.

In this video, we will see how Ideolve can be used to collaborate with your team.

Use the mithi.ideolve.io URL to access the Ideolve app

(You and your team can Use the Sign-up button on the home page to Sign-up for the free use of Ideolve.) - The provisioning is at the moment assumed to have been done...

To login to Ideolve app use your user id and password On the login page.

In Ideolve, ideas and discussions start with a note.

To create a note, clicks on the plus sign here.

Let's say we want to discuss the making of a new training video.

Use the Title section to enter the subject of the discussion. In this case "Ideolve Training Video 1".

In the note, you key in the requirements of the video, the target audience and other specifics such as the time limits, size etc.

You also attach the initial script made for the video to the note.

Your team is **alerted on their Ideolve screen** and **via email**.

The team can **respond with their suggestion and ideas using comments.**

Comments can include pictures, videos and documents
The author of a shared note is alerted.

The **most recently shared/updated/commented on note moves to the top** of the note list.

You can **respond to the teams feedback by modifying or adding to your note**, posting a comment and/or attaching documents.

This process can **work iteratively to refine or complete the idea** or work initiated through the note.

Thank you for using Ideolve
